Description

Innovation, performance, and elegant design combined. Welcome to the limit.

Areas of use

Thermal water, thermal brine, and various problematic media after checking their components and concentration. For wall installation in all pool designs up to a wall thickness of 7 mm, except round pools. For performance-oriented workouts, relaxation, rehabilitation training, fitness, or leisure fun with the whole family. For an endless swimming experience without turning.

Version

A flush-mounted housing uses innovative propeller technology to draw water through the cover and return it to the pool in a powerful jet. The system is powered by an efficient, fanless, fully encapsulated permanent magnet motor. Power control and switching on and off are controlled via the integrated piezo buttons or a remote control.
